After Uploading Images:[CLEAR SKIN]

A screenshot of the DermalScan AI web application after a clear skin image has been uploaded. The "Before" section shows a woman smiling with her hands near her chin. The "After" section shows the same image with a purple bounding box highlighting her face, and the text "clear skin, Age: 20, Conf: 58.1%" above it. Below the images is a "Prediction Table" with one row of data. At the bottom is a "History" section with a table showing a single entry.
